A large congregation is expected to be present next Sunday, Sept. 1st, to hear Rev. C. F. Clapp conduct the dedication services in the new church.

Mr. J. R. Phillips returned to his home near Olex this week from a month's pleasant visit at the home of his son George, near Wilbur, Idaho.

Deputy Sheriff Tom Johnson is out this week subpoenaing jurors for the Sept. term of circuit court, which convenes at Condon on the 16th.

Mrs. J. S. Wheeler and son, of Pine Creek moved this week to Weston, to remain until spring for school advantages. Jas. S. took them to Arlington Wednesday.

Sheriff Wilcox will sell some personal property of Dan Cameron at his home on Shuttler Flat Saturday of this week. See notice in another column for particulars.

We learn from the Medford Monitor that F. M. Judd, the notorious jeweler, formerly of Fossil and Salem, has removed his shop from that place to Fort Jones, Cal.

On July 3d Sheriff Wilcox lost a valuable gold Masonic badge, which he wore for a watchman. Yesterday W. A. Goodwin found it in town and received as a reward \$5.

J. K. Fitzwater is having the lumber hauled for a new residence, 16x28, one and a half stories high, to be built on his lot near the school house. J. R. Clark will do the carpenter work.

In several towns in the state of Washington, teachers in graded schools have been employed for the ensuing school year at salaries ranging from \$40 to \$50 per month—a reduction in some instances of 100 per cent.

A couple of female hobos, soiled doves, or whatever they may be called, are located in the south outskirts of Mitchell. Whether they have taken out a peddler's license or not we do not know. They are from The Dalles and have been playing brilliant engagements in the different small towns between here and that place for the past month or two.—Monitor.

A claimant for the honor of being the youngest grand-mother in America is Mrs. John W. Pierce, of Boston, whose age is 28. She was married at the age of 14 years and her daughter became a wife when only 12 years old.

The thanks of the Globe family are due Mr. O. P. Taylor of Rock creek for a box of fine Bartlett pears Monday. Mr. Taylor has been making several trips each week to Condon for a month or so with the choicest kind of fruit, etc.

Dr. A. P. Stowell's celebrated imported English coach dog, Sport, was shot Sunday on the main street, of Goldendale by W. D. Lancaster, who claims the dog, while in play, bit his child. Dr. Stowell recently refused \$500 for the dog.

Shurtz Bros. of Arlington, by the liberal use of printers ink and low prices, have built up such an extensive bicycle trade that they have concluded to establish a branch bicycle house at Goldendale. The boys are rustlers from Rustlerville.

Rev. E. Curran expects to leave Condon next week for his new home in Oakland, Cal. Some of the gossips say that before leaving Oregon Mr. Curran will desert the ranks of single cussedness, but we can not vouch for the truthfulness of the rumor.

Charles Hilton, the sheep man, has imported from California 75 fine bucks, French Merino crossed with Spanish ewes, for improving his herds. The plan is to produce larger sheep with longer staples of wool. Some of them are worth from \$100 to \$250 each.

N. C. Sorrel started this week with about 40 head of horses for Oregon City, where he expects to dispose of them. Manley Downing is assisting him in the drive and after helping to break the horses there he will enter the Agricultural college at Corvallis again.

Rev. J. C. Clapp of San Jose, Cal., of the Latter Day Saint church, will preach in the Congregational church at Condon a week from next Sunday—Sept. 8th. At 11 o'clock a. m. he will preach the funeral sermon of Mrs. W. A. Goodwin, who died at Condon on August 10th.

Mr. and Mrs. E. E. Smith visited Portland this week, starting Sunday. G. W. Rinehart accompanied them as far as Portland and will visit his relatives in Lane county about two weeks. While in the city Gene will purchase a stock of goods for his harness shop.

Four cowboys, Lloyd Miller, Chic Miller, Fred Miller and Charles Kimball, who were seen in the act of altering the brands on cattle in Grant county, were captured the other day, after a hard chase, and lodged in jail at Canyon City, to await the action of the grand jury.

Geo. Rippey has sold his residence property at Mayville to his mother, Mrs. Stinchfield, and his 1/2 interest in the Rippey-Lillie ranch to Mrs. Lillie. The interested parties were over to the county seat Monday having the deeds made out. George is undecided yet as to what he will do.

A Washington county postmaster in his newspaper criticized President Cleveland, and now when he goes for his mail and sees the smiling face of his successor looking out from the postoffice window his yearful soul seizes with a firmer grip the belief that "Silence is sometimes golden."

Circuit court convenes at Heppner next Monday—the first term of circuit court for Morrow county for one year. The cause for this long interval was occasioned by transferring that county from the 7th district to the 6th by the legislature last winter, and no provision was made for the usual spring term of court.

The ladies' Crescent bicycle raffle off Friday by Edgar Moore was won by Ed Trimble, on No. 59. Edgar offered Trimble in lieu of the wheel \$40, which was accepted, and he is now more popular with the ladies than ever, as they all borrow it when they feel like taking a spin, and Ed goes along to hold them on.

Rev. W. H. Zellers and wife passed through town Monday from Fossil, on their way to his old home at Leeper, Pa., where they expect to remain for several years. Mr. and Mrs. Zellers have made many warm friends during their year's residence in this county who regret their departure but wish them well in their new home.

About 50 more coyote scalps have been brought in within the last week. Seventeen more were sent up by mail from the Junction House by Chas. Patterson to the treasurer, S. B. Barker; but as no instructions accompanied them they yet remain in the sack in which they came, with a scent arising therefrom strong enough to trip-up chickens.

Lee Git, a Chinaman, stabbed and killed another Chinaman, Lock Woo, at The Dalles one night last week. Two other almond-eyed heathen held Woo while Git ran a large butcher knife through him. The murderers have been held to the grand jury without bail, and there will doubtless be a necktie party down there before the "snow flies" come again.

W. S. Thompson, of Fossil, Gilliam county, and his two little boys arrived in Eugene Thursday on a visit. He is thinking some of locating in Eugene.—Guard. (Should Mr. Thompson conclude to locate at Eugene, Gilliam county would lose one of her most honored and respected citizens. He and his family are held in the highest esteem by all who know them, and we hope they will abandon the idea of leaving here.)

So much fun is being made of the "card of thanks" that it will probably sink into desuetude before long. There is nothing much more ridiculous than such a card in a public journal. It is the duty of every editor, as an educator, to discourage and discountenance it.—Exchange.

Our public school will begin next Monday. A fine physiological effort, costing \$60; a reading chart costing \$30; a large globe and other school apparatus, costing about \$70 has been purchased by this district, and we may expect a very successful term of school this winter. In addition to this, Prof. Morey has a wagon-load or two of useful school apparatus which he brought with him. If he proves to be as good a teacher as he is full of energy and enthusiasm, he'll do nobly.

Our people cannot be too careful of fire during these dry times. A very little carelessness would lay our beautiful little city in ruins and entail a loss of a great many thousands of dollars. We should not relax our caution for a single moment. Gather up all refuse and inflammable matter and place it where it can do no harm. And, too, be sure to place the matches beyond the reach of prying little fingers, who are too often the cause of great loss. Fires are expensive luxuries and besides are often accompanied by loss of precious lives.

There is a safe in Condon, which for the past six months has been so safe that no one could open it—not even the owner, John Maddock, as he had lost the combination. An expert from Portland was sent for and he arrived here Saturday; he couldn't open it either. Preparations were being made to have it shipped back to Portland and drilled, when it was learned that Dr. Hogan was "no slouch himself" at such work, and he was called in to try his skill on it. Like the story in Arabian Nights, the doctor gave the handle a wrench or two and said, "open sesame," and it opened. It is now in possession of Billy Barr.

A letter was shown us this week from Father Conrady, formerly of this section, who has been stationed as a missionary for the last six years in the leper settlement in Hawaii Islands. Notwithstanding the report that Father Conrady became afflicted with leprosy and died, he is in perfect health and without the least taint of that disease. In his letter he says that government requires the services of a first-class physician, and strongly urges Dr. J. J. Hogan of Condon to come down there and accept the salaried position, which is worth between \$4000 and \$5000 a year. The doctor is yet undecided as to whether he will accept it or not.

## Arlington Items.

Several loads of Fossil flour came in last week.

More new sidewalk is being constructed in town.

Atty. H. B. Hendricks and son of Condon were in town Monday.

Mrs. Stanley Coffin is the guest of Mr. and Mrs. C. S. Wenner.

Miss Nora Weatherford of Schuttler Flat was in town on Tuesday.

Mrs. John A. Brown is the guest of Mrs. D. S. Sprinkle, her sister.

Some of the boys made a trip to Bickleton on their wheels this week.

Another girl has arrived at the home of Mr. and Mrs. Geo. Chamberlain.

The Hatch Bros. have returned from their trip up the Columbia. They report having had a pleasant trip.

There was another "brush" in the recorder's court on Saturday. Atty. Gurvey and Jayne appeared in the case.

Mr. Chamberlain of Dot was in on Tuesday with a load of fine peaches which he had no trouble of disposing of.

Dan McDonald came in on Monday after his new Mitchell wagon, which he drew at the raffle here a few days since.

Constable Barfoot is slaughtering coyotes. They will doubtless soon learn to keep out of the way of our peace officer.

Reys. Morehead of Antelope and Zellers of Fossil passed through here this week en route to conference at Spokane.

A family arrived here Saturday "all the way" from Michigan, bound for The Dalles. They came in a two-horse wagon.

M. Fisk and family will move to town to send their children to school this winter. A great many other families will move in this winter.

Frank Munkers has sold out his interest in the Vendome to Butcher Bros. of Blalock. He is to give possession Sept. 1st, so we are informed.

D. S. Sprinkle is closing out his stock of merchandise and will soon move to Prosser, Wash. We understand other parties will soon have a stock of goods in the building to be vacated by him.

## For Sale Cheap.

A large quantity of first-class wood, any size. Inquire of the owner, E. B. Nye, or at the Lost Valley postoffice.

## Wood Wanted.

At or near the head of Hoover creek, 20 cords of 20-inch wood and 10 cords of 16-inch wood—all cut from live pine.

L. W. DARLING, Condon.

Shurtz Bros. of Arlington sell bicycles on the installment plan—easy payments. Anybody can buy a wheel on such a layout.

## Key's Flat Notes.

A brand-new girl arrived Friday of last week to adorn the home of Andrew Greiner.

Mr. H. W. Pentecost, who is a great sufferer from dropsy, is much improved, we are glad to state.

Heading on this flat winds up today (Tuesday) at Sam McGilvery's, and threshing is now the order of the day.

R. E. Graham is digging a well on his daughter Neva's homestead, and has found plenty of water a few feet from the surface. Water is a scarcer article on this flat at present than in many years.

An old-fashioned quilting party was held at the residence of Mrs. Davenport on Keys Flat last Thursday, and judging from the number of quilts quilted, that amiable lady is preparing for a hard winter.

Rattlesnakes are more plentiful on Thirty-mile this season than in many years. Robert Ramsey killed four one day last week. His father lost a fine "Sam Stevens" mare some time ago by being bitten by one. U. D. C.

## Church Trouble.

The town of Heppner has been very much worked up over the charges and counter-charges that have been made during the past four months among the members of the Methodist Episcopal church, which reached a climax on Wednesday in a church trial and an arrest. Charges had been preferred against C. E. Fell, for unchristian conduct, and the trial was called for Wednesday, but, through some mistake in the wording of the charges, the trial was postponed until Friday. While the question was being discussed, the copiable walked into the church and arrested Rev. J. M. Dennison on a charge of coercion by threats. He waived examination and was bound over to the grand jury in the sum of \$200. He immediately gave bonds and was released from custody. It is the opinion that the trouble before being settled will completely break the M. E. church there, as the lines are closely drawn and each side seems determined to push the matter to the utmost. Further developments are awaited with much interest.

## Dedication Services.

Our new Congregational church will be dedicated next Sunday. Rev. C. F. Clapp of Forest Grove will preach the dedicatory sermon on Sunday morning at 11 o'clock, and he will preach also in the evening. Special music has been engaged. All are invited.

## Indians Being Paid.

Government officers commenced paying off the Nez Perce Indians at Lewiston Monday of last week. By nightfall \$75,000 had been distributed. The troop of cavalry from Fort Walla Walla was there and cleaned the grounds of all except the officials and others who had credentials entitling them to remain. Representatives of several banks were there with gold to cash the drafts. Indians are flocking in from all directions and there is great excitement. The allotments range from \$300 to \$3000 and three weeks' time will be required to disburse the \$625,000.

An extensive credit business has been carried on with the Indians in various commercial ways and a large number of creditors with claims ranging from one dollar to thousands were present to straighten out their claims. Blacklegs, thieves, sharpers and thugs have been flocking into Lewiston for some time past and all sorts of schemes have been devised for the purpose of robbing the Indians of their money. But as a large number of peace officers have been deputized and every precaution taken no serious trouble is anticipated.

Three Indians were held up by three masked men 30 miles south of Lewiston Friday and robbed of \$3200. The men had shotguns. There is no clue. Over \$200,000 was paid to the Indians that day. The Indians are flocking into Lewiston and spending money freely. They find no difficulty in getting whisky, and a shooting affray has already occurred, but no one was hurt.

## Sealed Bids For Wood.

The contract for furnishing ten cords of 16-inch wood for the Condon school district will be let to the lowest bidder, bids to be opened Sept. 2, 1895. Wood to be delivered before Oct. 1st. Send or leave bids with the school clerk, Ed Dunn, Condon, Oregon.
